101 XL	27.5"	21.6"		X	Incl. Special hang-up steel details	1560 lumen

The Lantern, created in 1944, is one of the most detailed of the Le Klint lamps.

Unique and fascinating, it is the perfect combination of design, technology and craftsmanship. The enclosed shape makes it perfect for hanging at height as it shades the light source from all angles.

It is possible to buy the special hang-up in metal for all sizes, in either steel, copper or brass.

Every shade is hand folded in Odense, Denmark. This means that every product is unique and must be treated carefully to avoid breakage. Therefore you should always follow the instruction when handling a shade from LE KLINT.
