TABLET 12 PENDANT INSTALL

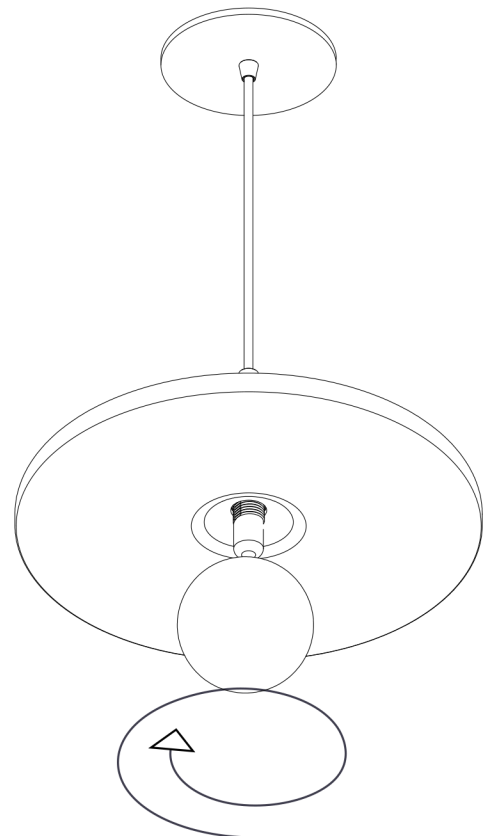

1. Adjust cable length with housing. Attach cross bar to the junction box with two 8/32 screws. Once in place connect black, white and green wires with corresponding wires in the box. Slide the cover into place and tighten stain relief nut.

STEP 1

2. Install supplied bulb, then move the wood plate and globe into place and gently thread globe onto the socket. Do not over tighten the globe to the socket.

STEP 2

To replace bulb use step 2 in reverse order.

*** We recommend that all fixtures be installed by a licensed electrician.**
